## Summary/Objective

I am a highly driven, self-motivated, attention-oriented individual looking to gain professional experience and practical skills while still adding value to the company and team.

## Education

Lincolnton High School – Lincolnton, NC

May 2018

- Salutatorian
- Weighted GPA: 5.2552
- Unweighted GPA: 3.96

University of North Carolina at Chapel Hill, Chapel Hill, NC

August 2018-Present

- GPA: 3.461
- Double Major in Economics and Statistics
- A focus in mathematics, science, and other STEM courses
- Expansive view on the growth and proliferation of statistical development

## Related Experience

Multiple courses in statistics, economics, and computer science with a high level of interest in statistical modeling.

## Work Experience

**MAY2020 – Present**

**Catalyst Clinical Research**

**Raleigh, NC**

*Biostatistician Intern*

- Assisted lead project statistician in several different clinical trials including:
  - A Phase I study on healthy patients to determine the pharmacodynamic, pharmacokinetics and safety of multiple doses of intranasal and intravenous ketamine in normal healthy volunteers. *[Quality Control (QC) of the PD/PK portion of the clinical study report (CSR). Confirmed statistical results were entered correctly from the study tabulations and figures by the lead statistician. Checked report for grammatical errors.]*
  - A Proof-of-Concept, Open-Label Study, Evaluating the Safety and Tolerability of Cilofexorin in Subjects with Primary Sclerosing Cholangitis (PSC) and Compensated Cirrhosis *[Validated study listings using SAS version 9.4 on a Windows based platform. Reprogrammed listings for an independent validation.]*
  - A Multicenter Platform Trial of Putative Therapeutics for the Treatment of COVID-19 in Hospitalized Adults. *[This is an adaptive trial study performed to eliminate less effective therapies for a future phase III study.]*
- Read and conformed with Catalyst Standard Operating Procedures (SOPs)
- Programmed listings from CDISC (Clinical Data Interchange Standards Consortium) data sets including both SDTM (Study Data Tabulation Model) and ADaM (Analysis Dataset Model).
